

## **EUSG 3**

Effective from 16<sup>th</sup> September 2015

# **Transparency and Interested Parties**

### 1. PURPOSE

This EUACA Slot Guideline (EUSG) deals with the key requirement for Coordinators and, when applicable, for Schedules Facilitators to

- act in a transparent manner
- provide information and data upon request to 'interested parties'
- consider that the information is also compliant with competition issues

It is therefore important that Coordinators and Schedules Facilitators consider which information should/could be provided, when and to whom.

#### 2. REFERENCES

EU Slot Regulation No. 95/93 (amended)

- Article 3(3) information regarding the capacity analysis
- Article 4(8) details about data provision
- Article 6(3) information regarding the determination of the capacity parameters

IATA Worldwide Slot Guidelines

- Section 8 description of the worldwide coordination process
- Section 9.3 availability of airport capacity
- Section 9.9 initial coordination

#### 3.2 Interested Parties

Coordinators and Schedules Facilitators should consider the following entities as "Interested Parties":

- The airport managing body with respect to data for the coordinated or schedules facilitated airport for which it is responsible (the airport has to prepare for the operation of the coordinated or schedules facilitated flights)
- The appropriate ATC/ATS office and Eurocontrol for the same reasons
- Air carriers and other operators (including general aviation) using the airport regularly
- European, national or regional authorities, the latter for their respective airports, having a genuine interest in receiving the schedule information according to article 4.8 of the EU Slot Regulation
- Other members and regular observers of the coordination committee in charge of the airport concerned in order to assist them with their duties at the coordination committee
- Air carrier associations, provided they are members of the coordination committee of the airport concerned

Other entities such as ground handling companies, fuel companies, catering firms, consultancy companies, airport community organisations, independent agencies, etc. should **not** be considered "Interested Parties" for the purpose of EU Slot Regulation Article 4.8. However, Coordinators and Schedules Facilitators may provide such entities with relevant information on a voluntary basis, with or without levying a fee.

In all cases interested parties must not disclose the information provided to them to third parties without the authorisation of the Coordinator or the Schedules Facilitator.

The Coordinator or the Schedules Facilitator may require a binding commitment from interested parties that they will not disclose the data provided to them to third parties.

### 4. EXCEPTIONS

Following Coordinators/Schedules Facilitators have indicated that these guidelines or standards are not fully applied at all or some of the airports they currently manage. In order to get more detailed information about the differences and the reasons thereof, please visit the concerned Coordinator/Schedules Facilitator website.
